

**THE FIRST OF LONG ISLAND CORPORATION
AUDIT COMMITTEE CHARTER**

PURPOSE

The purpose of the Audit Committee (“Committee”) is to assist the Board of Directors (“Board”) in fulfilling its oversight responsibilities by reviewing and evaluating:

- The qualifications and independence of the Independent Registered Public Accounting Firm (“Independent Auditors”);
- The performance of the Corporation’s Independent Auditors, internal auditing department and any vendors providing internal auditing services;
- The integrity of the Corporation’s financial statements; and
- Management’s responsibilities to assure that there is in place an effective system of controls reasonably designed to:
 - Safeguard the assets and income of the Corporation;
 - Assure the integrity of the Corporation’s financial statements; and
 - Maintain compliance with policies, procedures, laws, regulations and regulatory guidance.

The Committee will ensure that appropriate policies, procedures and systems are in place to identify, measure, and control related risks, including risk related to the management of the auditing function.

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Corporation’s financial statements and disclosures are complete and accurate and are in accordance with Generally Accepted Accounting Principles (“GAAP”) and applicable rules and regulations. These are the responsibilities of management and the Independent Auditors.

COMPOSITION

The Committee shall be comprised of at least three directors, each of whom shall be independent directors as defined by all applicable rules and regulations, including Section 10A(m)(3) of the Securities Exchange Act of 1934, the listing standards of the Nasdaq and Part 363 of FDICIA, and free from any relationship (including disallowed compensatory arrangements) that, in the opinion of the Board, would interfere with the exercise of independent judgment as a member of the Committee. All members of the Committee shall be able to read and understand fundamental financial statements, including a company’s balance sheet, income statement and cash flow statement. As determined by the Board, at least two members of the Committee shall have banking or related financial management expertise evidenced by past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable
